Re: Application for Software Developer

Dear Hiring Manager,

I am contacting you to apply for the Software Developer role at [\[Target Company\]](#). After reviewing the job description, I believe that my background makes me a strong candidate for this position.

I am an ambitious and focused student in [\[Area of study\]](#) interested in innovative tools, platforms and advancements in world-class software development. My education and extra-curricular experiences have helped me develop a foundation of related knowledge and skills. I learn new technologies quickly and apply those abilities to improve my work. Additionally, I have a good understanding of communication, management and critical thinking.

I am resourceful when faced with problems, enjoy challenges and seek out learning experiences. You will also find me ambitious and hardworking. I would be honoured to work with and learn from your team.

Please reach out with any questions about my work history and capabilities. I'll be happy to expand on any experience, skills and how I can meet your needs.

Sincerely,
John Walshe
